

• Towel Heating Element

Model No:ET-S2101P

Power Supply:230V±10% AC,50Hz.
Max Heating Element:400W-1000W.
Insulation Class: I or II.
Water Protection Class:IPX4.
Operation Temperature:0-50℃.
Temperature Range Setting:7℃,15-30℃
2 working hours setting.

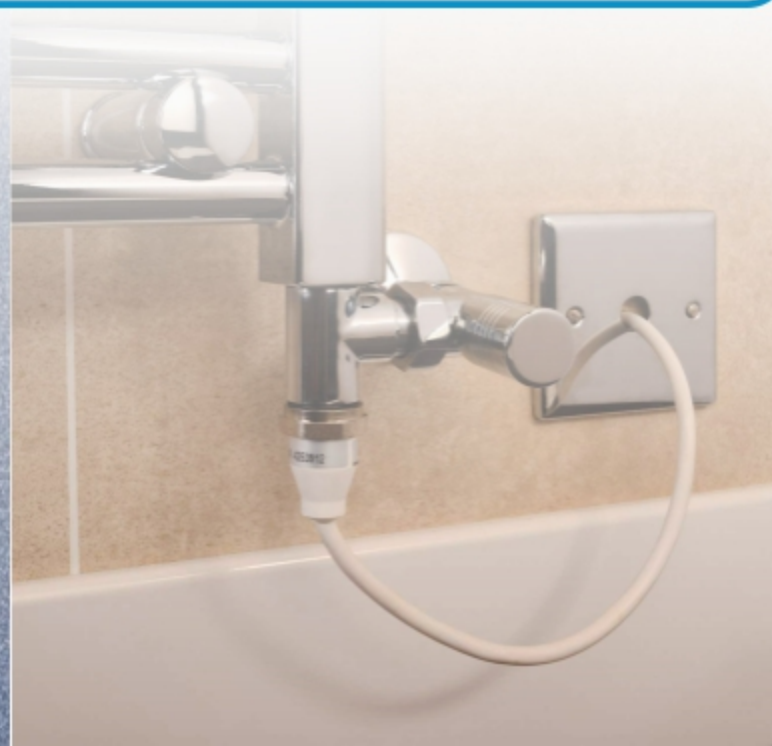

Model No:ET-S2103P

Power Supply:230V±10% AC,50Hz.
Max Heating Element:2000W.
Insulation class: I or II.
Water Protection Class:IPX4.
Operation Temperature:0-50℃.
Temperature Setting:Analogic With Knob
Temperature Range Setting:7℃,15-30℃,
2 working hours setting

Model No:ET-WN-140

Tube Material:Incoloy800.
Flange:1/2" Flange.
Power:220V-240V 600W.
Length:27".
Cable length:900mm.

Heating Element for kettle •

Model No:ET-WNA-89

Voltage:230V
Material:SUS304
Power:850W

Model No:ET-WNA-91

Voltage:220-240V
Material:SUS304
Power:1850-2200W

Model No:ET-WNA-95

Voltage:230V
Material:SUS304
Power:1000W

Model No:ET-WNA-104

Tube Material:Copper
Power:800w
Voltage:220V-240V/50Hz. 110V/60Hz

Model No:ET-WNA-129

Tube Material:Stainless steel 304
Flange :Round D49.5
Power:220V-240V 2000W
